Bridging the Partisan Divide

There is a lot of stress these days among family members and friends who are divided politically, and the current polarized public conversation doesn’t help. We invite you to join us for two events, led by Better Angels, a bipartisan citizen’s movement dedicated to unifying our divided nation. Trained moderators keep the mood constructive, and there is no debate or persuasion; instead, the focus is on understanding. We hope the programs will generate more respectful conversations, foster a search for common ground, and affirm the importance of our relationships with one another.

Better Angels: Skills Workshop
Saturday, September 22 @ 2 – 4:30 pm

Learn effective ways to communicate with others with different political views. After a presentation by the moderator, you will have an opportunity to practice conversation skills with participants from your side of the political spectrum. 🛥️

Better Angels: Red/Blue Workshop
Saturday, October 27 @ 9:30 am – 4:30 pm

This all-day workshop invites equal numbers of people from either side of the political divide to work on methods for understanding each other’s values and positions and, possibly, identifying common ground. Participants will debunk stereotypes, share what’s most important to them, listen respectfully, and ask and answer clarifying questions. 🛥️

Please note: The Red/Blue workshop requires an equal number of participants who are “Red” (tend to vote as a Republican) or “Blue” (tend to vote as a Democrat), and an equal number of Observers. The overall registration is limited; first-come, first-served. After registering online, you’ll be notified whether you will be a participant or an observer.
