"Books, music, movies and ... cake pans? Museum passes? Programs on health, finances, literature? There is literally no end to what you can do at YOUR library. Check us out!"

~ Tim Wiles, Library Director

Museum passes? Programs on health, finances, literature? There is literally no end to what you can do at YOUR library.

~ Tim Wiles, Library Director

"My kids are voracious readers. That means we end up spending a lot of time at the library. As opposed to most things, our library has continued to get better and better over time. I’m not entirely sure how it’s been able to buck the trend, but kudos to you Guilderland Public Library."

~ Daniel B., September 13, 2018

“We are here as part of the Expedition program. I told my four-year-old daughter that we had to go, but could visit another library tomorrow. She said “No! I want to come here! What’s this one called?” Guilderland. Thank you!”

~ Beth W., September 11, 2018

5 things you should know about your library

1. Library of Things
   Libraries are an experience! Your card gives you access to local museums and so much more.
   Use your card to curate your own personal experience – borrow board games, tables, streaming devices, gadgets, and more.

2. Go Digital
   The library now fits in the palm of your hand.
   Use our apps to download books and magazines, learn a new language, or print from anywhere.

3. Award-Winning Programs and Classes
   Did you know that the Guilderland Public Library offers an average of 60 adult, teen, and child programs and classes each month?
   Subscribe to our e-news and pick up your newsletter today – never miss a class! Or ask about how you can book one of our rooms for your own program!

4. Robust Selection of Materials
   Our large collection is curated by a team of professionals and includes books and materials.
   And not only that... you have access to our collection, but also to materials from all 29 public libraries in Albany and Rensselaer counties!

5. Need more cowbell? We have a COW!
